Pursuant to TBMP Section 1203.02(d), Applicant hereby moves to extend the time to file its appeal brief in this matter until sixty (60) days from the date of the Board’s decision on this motion. Applicant’s request is made with good cause, as set forth below, and this motion should therefore be granted.

Applicant’s request is not made for the purpose of unduly delaying the proceedings before the Board. Rather, Applicant currently is in advanced negotiations with Cozi Inc. – the owner of two of the marks at issue in this Appeal, which were cited by the Examining Attorney against Applicant’s application – regarding a coexistence agreement. Through these negotiations, the parties appear to have come to agreement regarding the material terms of a coexistence, and are in the process of drafting the language of a written agreement memorializing these terms. Assuming such an agreement can be completed, it would significantly change the facts before the Board on appeal. Applicant believes that the extension of time requested herein should be sufficient to allow the parties to complete their negotiations and execute an agreement. Applicant submits that this is an acceptable explanation for its request, which demonstrates the good cause required to extend the time for filing its appeal brief.

There is no danger of prejudice to the Examining Attorney in this matter, as the Examining Attorney will have ample time to prepare and submit his brief in connection with this appeal. Specifically, once Applicant files its brief, the Board will allot the standard amount of time for the Examining Attorney to file his responsive brief. Accordingly, granting Applicant's request for an extension would not impede the Examining Attorney's ability to defend his position, or otherwise prejudice the Examining Attorney in any manner. Further, as Applicant submits the instant motion within the time allotted to prepare its appeal brief, pursuant to good-faith efforts that could meaningfully impact the merits of this appeal, Applicant is not causing undue delay of the proceedings.

For the reasons set forth above, (1) there is good cause for Applicant's extension request; (2) the Examining Attorney will suffer no prejudice as a result of the request; and (3) Applicant's request is made in good faith. Accordingly, Applicant respectfully requests that the Board grant this motion and extend Applicant's deadline to file its appeal brief until sixty (60) days from the date of the Board's decision on this motion, pursuant to TBMP Section 1203.02(d).

Respectfully submitted,
